SUMMARY

Java Full Stack Developer with hands-on experience building secure and scalable web applications using Java, Spring Boot, React.js, MySQL, REST APIs, Spring Security, JWT authentication. Experienced in developing user-focused applications and solving real-world problems.

SKILLS

- Java, Java 8/11
- Collections, Streams & Lambda
- Multithreading
- Spring Boot & Spring MVC
- Hibernate & JPA
- Microservices & REST APIs
- Spring Security & JWT
- MySQL & Oracle
- HTML5, CSS3
- React.js & JavaScript
- Git, GitHub, Maven, Jenkins
- IntelliJ IDEA & VS Code

EXPERIENCE

Full Stack Developer Intern

Feb 2025 – Aug 2025

Ashok IT, Hyderabad

- Developed a full-stack Inventory Management System to manage products, categories, brands, sellers, purchases, and sales efficiently.
- Implemented user authentication, profile management, password change, and role-based access features.
- Developed CRUD operations for products, sellers, categories, and brands using RESTful APIs.
- Implemented sales and purchase management with real-time inventory tracking and stock updates.
- Built an interactive dashboard with analytics and charts to visualize sales, purchases, and inventory data.
- Developed the frontend using React.js, TypeScript, Redux Toolkit, Ant Design, React Hook Form, and React Router.
- Developed backend services using Node.js, Express.js, TypeScript, MongoDB, Mongoose, and Zod for API development and data validation.

PROJECTS

Inventory Management System

Academic Project

- Built a full-stack inventory management application using React.js, Node.js, Express.js, TypeScript and MongoDB with secure user authentication.
- Implemented 7 core modules: authentication, products, categories, brands, sellers, purchases and sales.
- Developed CRUD operations for product, category, brand and seller management with data validation using Zod
- Implemented purchase and sales management with inventory/stock tracking, transaction records and order details.
- Built an interactive Admin Dashboard with sales, purchase and inventory analytics using charts and visual reports.
- Implemented profile management, password change and user authentication features with RESTful APIs.
- Used Redux Toolkit for state management and deployed the frontend application using Vercel.

EDUCATION

- **M.Sc. Information Technology** – Pt. Ravishankar Shukla University 2023 – 2025
- **B.Sc. Computer Science** – Pt. Ravishankar Shukla University 2020 – 2022

CERTIFICATIONS

- **Java Full Stack Developer Certificate** – Ashok IT, Hyderabad Feb 2025 – Aug 2026
